Software Update

TPMS Pro

A new software version for the TPMS Pro is now available via the WebTPM management software.

New software version: DV1-46-12 or higher

Highlights:

- › Brand new models added
- › Improved OE sensor coverage
- › Improved programmable sensor coverage
- › Updated relearn functionalities

Note:

Before updating TPMS Go make sure to use the current version of WebTPM software (www.continental-aftermarket.com/webtpm, version 8.17), otherwise the update will not be completed.

If you need help updating your service tool over WebTPM please contact servicetools@continental-aftermarket.com or call the Hotline: +49 (0)69/15040150.
